

Mr. Pigott began at PACCAR with a summer job in 1945. He went on to receive an engineering degree from Stanford University, then served as a Navy aviator in Korea. When his tour of duty ended, he rejoined PACCAR. In 1967 he became chief executive officer. He oversaw a period of great change in the industry, a period in which trucks became safer, more efficient and longer-lasting.

The technical center Mr. Pigott built has brought forth many new products and innovations. They include the aerodynamic Kenworth T600, which was so widely acclaimed and imitated it changed the look of heavy-duty trucks; the Kenworth T2000, PACCAR's newest edition; and the more than 330 patents PACCAR has garnered under Mr. Pigott.

The market, of course, rewards quality. Nearly one out of four class 8 trucks sold in America today is a Peterbilt or Kenworth. And company sales have, on Mr. Pigott's watch, grown from \$320 million to \$4.5 billion annually. Net income increased almost sixteen-fold, and shareholders' equity from \$88 million to well over \$1.2 billion. It is remarkable that every year in which Mr. Pigott was CEO, PACCAR, recorded a profit.

Mr. Pigott has made his mark in the community as well. For nearly five decades he has worked with the Boy Scouts of America, serving as president of both the Chief Seattle Council and the National Council. He has been general campaign chairman and trustee for United Way of King County, chairman of the Washington Roundtable and in leadership positions for many other cultural and civic organizations. He also heads the PACCAR Foundation, which distributes approximately \$3 million yearly to civic, cultural, educational and health and welfare causes in communities where PACCAR does business.

Mr. Pigott has been blessed with a wonderful family. He and his wife Yvonne have raised seven fine children.

When Mr. Pigott steps down on December 31, 1996, he will continue family tradition and hand leadership over to his son. I congratulate him on a splendid career, thank him for his contributions to American industry, and wish him all the best in his retirement.●

TRIBUTE TO DAVID EHRENFRIED

● Mr. COHEN. Mr. President, recently, Dave Ehrenfried retired after 40 years as an editor and cornerstone of Lewiston, ME's Sun-Journal.

He began at the paper in 1956, where he quickly showed his talent for newspaper reporting. Dave held many positions throughout his tenure at the Sun-Journal. Most notably, his work was recognized by the New England News Executives Association with a first place award for editorial writing in 1982. In 1988, Dave was named the assistant executive editor at the Sun-Journal and in 1991 he became a rep-

resentative, advocating for readers of the daily and Sunday papers. He was once again recognized by his peers for his dedication to journalism by being asked to serve as president of the New England Society of Newspaper Editors in 1993.

Dave has always been a hard worker, a requirement when you work for one of Maine's leading newspapers. His co-workers hold him in the highest esteem, including one member of the Sun-Journal staff who referred to him as a quiet leader with sound judgment. Dave gave himself and his time to all who asked and the people who turned to him who knew that they were heard. Dave is a remarkable person who has dedicated his life to journalism and integrity.

I commend his commitment to his family, his coworkers, and to Maine journalism.●
